SCHEDULE FOR THE CLOSE OF SCHOOL

Functions Begin With Senior-Junior
Reception Friday Night And
Close With Commencement

DR. J. J. REA TO BE SPEAKER

Only Four More Weeks Of School
Remain, Seniors Having Only
Three Left Before Exams

The schedule of events for the closing of the Rushville public schools was announced today, with just four more weeks of school work remaining, the high school commencement exercises Friday evening May 25, marking the end of the school year.

The functions will begin next Friday evening, May 4, with the senior-junior reception at the Social club, and will continue unabated for the next three weeks. The seniors have only three weeks of actual school work ahead of them as examinations for the graduates will be held May 16 and 17, one week ahead of the regular time, and they will have the last week to prepare for commencement.

On Friday, May 18, 2:30 o'clock, Senior Class Day will be held at the Annex auditorium, and the following Sunday evening, May 20, the baccalaureate sermon will be preached to the class by the Rev. E. G. McKibben pastor of the First United Presbyterian church, at the Main Street Christian church.

On Wednesday and Thursday evenings, May 23 and 24, the senior class play, "Clarence" will be presented at the Annex auditorium. On these dates, also there will be an exhibit of high school work at the Graham school building. It will consist of a display by every department, that does work which may be included in a demonstration of this character.

On Thursday evening, May 24, a physical education exhibit will be held at the gymnasium in the Graham Annex, under the supervision of Albert F. Cotton, director of physical education in the public schools. A similar demonstration was held last year and attracted much favorable comment.

The commencement will be held in the Annex auditorium and the class address will be delivered by Dr. J. J. Rea of Richmond.

Another event on the school program will be the grade school concert under the direction of Miss Sarah L. McConnell, supervisor of music, which has been previously announced. It will take place at the Annex auditorium Friday evening, May 11. The grade children will provide the program and the junior orchestra will also play.

OFFICER GOES DOWN SMILING WITH SHIP

Tale Of Heroism At Sea Recounted
By Survivors Of The Ill-fated
Seaconnet

MEMBERS OF CREW RESCUED

(By United Press)

New Bedford, Mass., April 30.—A tale of heroism at sea and of a quartermaster who went smiling to death with his ship, was told today when survivors of the ill-fated Seaconnet, which sank almost without trace in a seventy mile hurricane Sunday, were brought here in a light ship tender.

The Seaconnet, a collier out of Norfolk, Boston harbor, was plowing north in a sea lashed to a fury by a gale. The vessel was unable to stand the racking and sprang a leak.

Then began a desperate battle with the pump against death that came closer with each additional inroad of the seas. Working in relays the vessels crew lost slowly but steadily in their efforts to keep the Seaconnet afloat.

The crew was ordered to the boats. Waves began breaking in irresistible force over the deck, carrying one of the crew after another, over board until at one time thirteen struggled in the water. Quartermaster Santiago went down with the ship. Others were rescued by a light ship tender.

LITTLE GIRL WILL RECOVER

Marjory Thrall, Run Over by Auto-
mobile, Not Seriously Hurt

Marjory Thrall, the six-year-old girl who was struck by an automobile Saturday morning in front of the E. E. Polk hardware store in this city, was not seriously injured, and is said to be recovering nicely from the effects. She was removed to the home of her parents, Mr. and Mrs. Curtis Thrall, south of Homer, following the dressing of her injuries at the Dr. Frank H. Green hospital.

No bones were broken, and it is believed that the extent of her injuries consisted of bruises and scratches. She was struck by a machine driven by Chuck Taylor, and the accident was unavoidable, as she stepped in the path of the machine.

ARMY OFFICERS TO INVESTIGATE CRASH

Fert Benjamin Harrison Board to
Probe Airplane Accident Near
Shelbyville Sunday

RESERVE OFFICER KILLED

Indianapolis, April 30.—A board of army officers from Ft. Benjamin Harrison will start an investigation today into the airplane crash near Shelbyville, Ind., which cost the life of an army reserve officer and probably fatally injured a civilian yesterday.

The plane was traveling at a low altitude and was maneuvering for a landing when it suddenly dived to earth.

Lieutenant Ralph O. Huntington, pilot, was dead when taken from the wreckage, Joseph L. Jackson, the other occupant of the plane is believed to be dying in an Indianapolis hospital.

Twenty-five hundred baseball fans at the Shelbyville Ball park witnessed the tragedy.

Lieutenant J. C. Parker, commandant of Schoen field, after a preliminary investigation, said the accident was caused by flying in the face of the wind at a low altitude.

The plane had been in perfect condition, he declared.

COPIES OF THE 1923 ACTS RECEIVED HERE

Volume Issued Earlier Than Custom-
ary This Year and May Be Ob-
tained at Clerk's Office

NEW LAWS EFFECTIVE SOON

Copies of the 1923 acts of the Indiana General Assembly, have been received here by Loren Martin county clerk, and attorneys and others who are eligible to receive a copy are urged to call at the office any time. The new books contain 734 pages, and all of the laws enacted by the legislature are obtained in it. The books this year are being distributed in better time than in former years, as it has generally been about the first of June before they were ever received here.

All of the new laws in the book not containing emergency clauses will go into effect about the first day of June, following a proclamation that will be issued by the governor. The law sets out that the clerk in each county shall receive a number of books, allotted on the 1920 census of the county, and after each county has been supplied, then the governor shall issue the proclamation and declare the laws in effect.

Those who have made application for the volume are urged to call at once at the county clerk's office, and Mr. Martin supply them.

NEWCASTLE MAN NAMED

Indianapolis, Ind., April 30.—The appointment of Mr. Wright Steele of Newcastle as Deputy Collector in the income division of the Internal Revenue office, was announced by M. Burt Thurman, collector of Internal Revenue today. He will succeed Ray Dawson who resigned to take up a position with a local business house.

French Military Gesture Causes
Grave Concern At Near East
Peace Conference

(By United Press)

Paris, April 30.—General Maginot is preparing to send twenty thousand Colonial troops to Syria following the massing of three Turkish divisions on the Syrian frontier.

The French plan to bring their garrison at the danger point up to 46,000.

General Weygand is leaving Friday aboard the cruiser Lorraine for Alexandria where he will be available instantly to command an army if the necessity arises.

Last night, April 30.—A French military gesture today against Turkey caused grave concern at the Near East peace conference today.

Delegates at the conference awaited the arrival of General Pelle, the French Near East expert from Paris to see to what extent the French expect to carry their move. It is feared that it may influence the allied and Turkish delegates who are Continued on Page Four

ENDS AT THREE-MILE LIMIT

U. S. Jurisdiction Applies To All
Vessels, Supreme Court Rules

(By United Press)

Washington, April 30.—The United States supreme court today decided that neither American nor foreign ships can legally bring liquor outside the three mile limit of American territorial waters but that outside that limit both American and foreign ships are no longer subject to American prohibition laws.

The court's decision knocked out in part the ruling of Attorney General Daugherty which held that the government had power to prohibit American ships anywhere on the seas from carrying liquor and that it also could prohibit foreign ships limit.

As to American ships, the Daugherty ruling was reversed; as to foreign ships it was upheld.

Carmelita Geraghty Signed For Part
In New Spanish Picture

A Los Angeles, California newspaper of a recent issue contained the following, which will be of interest here. "Carmelita Geraghty has been signed to play a part in Mary Pickford's new Spanish picture, which is being directed by Ernest Lubitsch. Miss Geraghty is also playing a girl lead in the Cosmopolitan production, 'The Daughter of Mother M'Ginn', at the Goldwyn studios."

Miss Geraghty is the eldest child of Mr. and Mrs. Tom Geraghty, formerly of this city, and who is associated in the motion picture business.

SEVERAL GARY MEN TO GO TO HIGHER COURT

Mayor R. O. Johnson and Others
Sentenced to Penitentiary Will Ap-
peal Their Cases

NINE BEGIN TERMS IN JAIL

(By United Press)

Indianapolis, Ind., April 30.—Nine of the fifty-five defendants in the Gary liquor conspiracy cases, sentenced in federal court by Judge Ferdinand A. Geiger Saturday, began serving their sentences in the Marion county jail today.

The nine were anxious to start their sentences as soon as possible and "get it over with" and refused Judge Geiger's offer of five days' time in which to decide whether or not they would appeal.

That Roswell O. Johnson, mayor of Gary who was given a year and a half in federal prison and all other Gary and Lake county officials, with the sole exception of William N. Dunn, former judge of the circuit court, will carry their cases to the United States circuit court of Appeals, was considered a certainty.

A majority of them served notice of appeal after receiving sentence Saturday.

The nine who went to jail today and their sentences are: Sol Phillips, 60 days; Charles F. Miller, 10 days; Joseph Powinski, 60 days; Steve Stadjubar, 60 days; Netro Vernigor, 60 days; Bado Daich, 60 days; John Kolodinski, 60 days; Joseph Le-wandowski, 4 months and \$100.

POSED AS A KNIFE GRINDER

Denies Being Leader of Religious
Cult Under Investigation—
Aroused Suspicion

(By United Press)

Marysville, Ohio, April 30.—A tall long haired man who denies he is "King" Benjamin Purcell, missing ruler of the Israelite House of David, sat quietly in Union county jail today awaiting arrival from Kent county, Michigan, of authorities who will say whether he is leader of the Benton Harbor religious cult.

The man, believed by Sheriff Frank Collier to be "King" Ben, wanted in connection with the "one man" grand jury investigation of charges of immorality against his Benton Harbor colony is held on an open charge.

"I have suspected he was 'King' Benjamin ever since he came here about six week ago as a knife grinder," said Sheriff Collier.

The alleged ruler was arrested late yesterday on the outskirts of Marysville.

"When we walked up to his truck in which he has been living since coming here, the man came out to meet us," the sheriff said today.

"He told us before we had said a word that he knew not what we

TO OFFER THIRTY BILLION

Germany Decides to Raise Sum
Planned to Pay France

Berlin, April 30.—The German cabinet has decided to offer France the thirty billion gold marks instead of twenty, it was learned here today. A further increase may be agreed upon if the experts decide that Germany is capable of paying.

The German offer which probably will be embodied in the note to be sent to France Tuesday also would safeguard France against German military attacks. It demands immediate evacuation of the Ruhr at the moment of signature.

A copy of the note is expected to be delivered to Washington at the same time.

JOHN H. KIPLINGER IS ON THE WAY HOME

Cablegram Fails to Mention Whether
Mr. and Mrs. R. L. Tompkins
Accompany Him

TO LAND LAST OF THE WEEK

Mrs. John H. Kiplinger received a cablegram this morning from her husband John H. Kiplinger, who has been in Europe since the first of February that he had sailed for home, and it is expected that he will land in New York the latter part of this week.

The cable message did not say whether he was accompanied by Mr. and Mrs. Robert L. Tompkins, who sailed the latter part of last January with Mr. Kiplinger for a sight-seeing tour of Europe. It has been reported here that Mr. and Mrs. Tompkins sailed for home last Friday, but this is unconfirmed. It is believed that this is the day on which Mr. Kiplinger sailed.

Mr. Kiplinger had passage on the Mauretania, from Cherbourg, France to New York.

Mr. Kiplinger had to return to France and Germany on business following several years spent there as an employ of the allied reparations commission, after his discharge from the army, and Mr. and Mrs. Tompkins accompanied him on a pleasure trip.

CIRCUIT COURT IN WEEK'S VACATION

Time Will be Devoted to Completing
Records for Old Term And Pre-
paring For New

BUSINESS ON CLOSING DAY

Preliminary Evidence Heard in Two
Divorce Cases to be Taken up
Next Term

Circuit court is in vacation this week, as the February term ended Saturday, and the May term will convene next Monday. Several court matters were disposed of on the closing day of the term, and this week will be devoted to outlining the business for the next term, and in completing the records for the old term.

The matter heard Saturday included the evidence in the divorce case of Julia Buchanan against Charles Buchanan, and the court continued the hearing until May 19, when additional evidence will be presented.

The court also heard the evidence in the case of Stella Warth against Cecil Warth, a complaint for divorce and in which a petition for support was presented and heard. The court made no ruling on the petition, and the divorce case will be heard in the next term of court.

In the case of the Union Trust Company of Greensburg against Robert E. Lawson, et al., a suit venue here from Decatur county, and a complaint on a note and foreclosure, demanding \$22,400 judgment has been dismissed.

Evidence was heard in the case of Fanny Huddleson against Frank Huddleson, administrator of the estate of Eleanor M. English, in which the plaintiff demanded \$856 judgment on a claim. The matter was taken under advisement by the court. Continued on Page Four

MANILLA MEN TO ESTABLISH CLINIC

Drs. William D. Fred And Herbert
Inlow Noted As Surgeons
And Specialists

ALL SONS OF C. E. INLOW

Elder Of The Three Studied Three
Years At Mayes' And One
Year Abroad

Three Manilla men, all noted surgeons and specialists, will locate in Shelbyville to establish a clinic in connection with the new hospital that is under construction in that city now. The men are Drs. William D. Fred, and Herbert Inlow, brothers, and sons of Mr. and Mrs. C. E. Inlow of Manilla.

The physicians are widely known in Rushville and throughout the county, and are extensively related being nephews of Will and Miss Lucy Inlow and Mrs. Emma Talbot of this city. In commenting upon their venture, the following is an extract from a Shelbyville newspaper:

The three surgeons have negotiated a lease for the possession of the residence property on West Washington street, formerly the home of the late K. M. Hord and here the offices of the clinic will be located. The property is now being remodeled to meet the demands of the new occupants and the offices will be opened immediately upon the completion of the remodeling. Dr. William was in Shelbyville this afternoon to supervise the changes that are being made in the residence and to prepare for the opening of the office.

Since starting on their careers the Inlow brothers have established reputations that have won them unusual recognition in many parts of the world. They are specialists with specialists and many residents of this city and community who have known of their plans for some time consider the establishment of the clinic in this city, the forerunner of an institution that will some day be as widely known as the famous Mayo Bros' institute at Rochester, Minn., where DePrez Inlow, one of the brothers, is now located.

Dr. DePrez Inlow, oldest of the three brothers, has studied at the Mayo Bros' institute for three years. He spent an intervening year in Vienna, Austria, and Paris, France, during which time he devoted every attention to the study of surgery and the preparation for his active career in the field of surgery. His contract with the Mayo Bros' clinic expired this spring and he then joined his brothers in their plans to locate in Shelbyville, drawn here by the prospects of one of the best hospitals in this part of the country, with the Continued on Page Five

NO DEVELOPMENTS IN ROBBERY PROBE

Authorities Have No Clue on Which
to Base an Investigation of Ar-
lington Burglary

BANK VAULT IS A WRECK

No new developments have been discovered in the attempted robbery of the Arlington bank early Saturday morning, and officers who investigated the affair have very little evidence of a clue on which to trace the fugitives.

The serious damage was done to the bank vault doors, although insurance will cover this loss for the bank. The robbers meted an opening 18 or 20 inches square in the vault door, and ruined it, which will require new doors. They failed to gain access into the safe proper, probably running out of gas in their tank because if they were frightened away, they would probably have left a clue in their haste.

The officers found a trace of where their machine was parked, at the back of the railroad station, and the tracks pointed north on the paved street. The bank officials have made arrangements to have their valuables taken care of in another bank, until the safe can be repaired.

GRANTS AMERICAN OIL CONCESSIONS

Chester Agreement Is Signed By Turkish Commissioner In Face Of French Protest

COPIES ARE EXCHANGED

Constantinople, April 30.—The Chester agreement granting American concessions in the development of Anatolian oil fields was signed at Ankara today.

In the face of French protests, the Turkish commissioner of public works, Faizi Bay and Colonel Kennedy, of the Ottoman-American Development Company affixed their signatures to the final papers, dispatches stated.

Copies were exchanged by the parties and the work will be begun at the earliest possible moment.

The manager of the railway project, which is to haul mineral oil to the sea, has begun a study of the situation and actual labor on the scheme will be begun as soon as his plans are completed.

Colonel Kennedy went to Angora by way of Mudania, aboard an American destroyer. All the details were completed before his arrival and there remained only the formal signing of the papers.

ADD 50 MILES OF ROAD

Indianapolis, Ind., April 30.—Fifty miles of penetration type roads will be added to Indiana's already extensive highway system, according to John D. Williams, director of the state highway commission, in a statement issued today. The commission, Williams said, has placed orders for \$50,000 worth of crushed stone and gravel, to be used in the maintenance and repair of non-rigid roads.

THREE STUDENTS TAKE ACTIVE PART

Margaret Bell, Lucile Beaver And Frank Lightfoot Assist In De-Pauw Endowment Campaign

BUILDING FUND INCLUDED

New Music School, Dormitories, Classrooms And Laboratory Equipment Proposed For University

Three Rush county students in DePauw university, Greencastle, Ind., are taking part in the campaign to raise a million and a half dollars for the university as a permanent endowment fund and a building fund. They are Miss Margaret Bell, daughter of Mr. and Mrs. Fred Bell, living north of Rushville, Miss Lucile Beaver, of Glenwood, and Frank A. Lightfoot, son of Mr. and Mrs. Fred Lightfoot of near Raleigh.

Student solicitation was the beginning of the extensive campaign which is now under way. Greencastle and Putnam county are nearing their quota of \$110,000. Throughout the state various alumni organizations are beginning their part in obtaining money for the drive.

A new music school, new dormitories, classrooms, and laboratory equipment are the proposed improvements to be made as a result of the campaign.

The new athletic field is rapidly nearing completion and will be used for the first time next fall. In one day recently the faculty and students raised \$92,000 on the campus. Lightfoot was one of the canvassers of that day and turned in a large sum.

The campaign is being carried on in Greencastle and Putnam county and is having remarkable success under the direction of C. H. Barnaby, who is chairman of the Putnam county committee.

Miss Bell is very active in student affairs and took part in the pageant given by DePauw students recently. She is a member of the Freshman class and very popular among her fellow students.

Lightfoot is a member of the Lambda Chi Alpha fraternity and the junior class.

EMERSON HOUGH IS DEAD

Noted Writer of Stories Dealing With Frontier Life Expires

Chicago, April 30.—Emerson Hough, noted writer of stories dealing with American frontier and pioneer life, died at the Evanston hospital today. He was 66 years of age.

Death came at the height of Hough's career. His two most widely read stories, "The Covered Wagon," and "North of 36" dealing with early day life on the western plains are now attracting widespread attention.

Hough died following an operation performed Saturday for an intestinal obstruction. He was taken seriously ill last Tuesday and was removed from his home in Highland Park, a Chicago suburb, to the hospital.

wanted but that he was the wrong man."

"I am just a man," he said. "Just a man and not the one you want."

The prisoner refuses to give his name, although according to Sheriff Collier has admitted that he is a former member of the House of David colony.

"The gink is mad because we arrested him," the sheriff said, "and I have no doubt he is the right man."

"He hasn't said more than a half dozen words since we put him in the cell last night. He just sits there and hums to himself but I can't make out that he is humming any particular tune. I don't think he slept any last night."

To Resume Probe Tuesday

St. Joseph, Mich., April 30.—Perjury charges against "Virgins" of the House of David are being considered by States Attorney General A. B. Daugherty, officials disclosed today.

Daugherty is investigating reluctant testimony given by young girls of the cult before "one man" grand jury of Judge Harry Dingeman probing charges of immorality in the religious cult.

Attention was also called by officials to discrepancies in ages given by brides participating in group weddings at the colony.

Some of the girls admitted swearing they were older than they really are.

Sheriff G. C. Bridgeman today declared he "took little stock" in stories credited to a grave digger that a young girl with a bruised body has been buried in the House of David cemetery in Crystal Springs.

Judge Dingeman will resume his probe tomorrow. A group of new witnesses will be summoned.

Bridgeman said he had forwarded description of "King" Benjamin Purnell, head of the cult, to authorities at Marysville, Ohio, who are holding a man suspected of being the missing leader.

No charges have been filed against Purnell. He is wanted however to testify before the "one man" grand jury probe and also to receive subpoenas in the state's quo warranto proceedings for receivership of the colony.

Authorities said if the suspect is Purnell he may be held pending outcome of the investigation.

FLY ACROSS THE CONTINENT

Washington, April 30.—Three of the four marine fliers who left San Diego, April 19, completed their trans-continental flight at Bolling Field here today.

The fourth plane was forced down at Harpers Ferry, W. Va., in sight of its goal.

Navy officials first announced the arrival of the entire group of four but later messages from Bolling Field disclosed the failure of the fourth to arrive.

The planes were greeted on arrival by Secretary of the Navy Denby, admiral Moffatt and General John Lejeune, commandant of the Marine corps.

ETERNAL:—All flesh is grass, and all the goodness is as the flower of the field: The grass withereth; but the word of our God shall stand forever.—Isaiah 40: 6, 8.

Remain Strong at Home

"We can best serve the world by being able to serve it and most surely can remain able to serve it by keeping ourselves strong at home."

This, in effect, was Senator Watson's answer to President Harding's proposal for the entrance of the United States into a world court, in a speech at Pittsburg, but he made no direct attack on the president's plan.

His remarks were all well tempered, as his friends well knew they would be, the Indiana senator expressing the view that this is no time for extreme utterances on either side and that whatever differences exist will be adjusted "without producing discord in our ranks."

Before the world court matter was brought to the front by President Harding's New York address, Senator Watson was among administration leaders who expressed to the president the hope that the court question would not be permitted to overshadow home affairs and prosperity. It was his thought that Republicans can be certain of a 1924 victory on the prosperity issue. Therefore he did not wish to have attention directed from it by the pushing forward of a question that is in controversy and of little interest to the man in the street. The senator was glad to hear the president declare in his New York speech that domestic questions come first with him.

Senator Watson expressed his hearty agreement with this view of the president's, pointing out that "Our own house must be kept in order, our own good fortune must be assured, before we can be large contributors to world progress or measurably helpful to humanity."

Before and After

We send our senators and congressmen to Washington to make laws for us and then the majority of us consider that we have discharged our entire duty as good citizens. But we haven't.

It is our duty to study national and local conditions, determine in our own minds what is best for ourselves and for the nation, and then tell our senators and congressmen just where we stand.

If the average citizen would take as much interest after election as he does before we would have less in-

RATES AND UTILITIES

By CHARLES L. HENRY, President
Indianapolis & Cincinnati Traction Company, and President
Indiana Public Utility Association

(The first of a series of short articles about the public utility industry, written for this newspaper). The old story about Ben Franklin and the whistle for which he paid a fabulous price carries some pertinent suggestions with regard to utility customers and the prices they pay for service. The man who sold Ben the whistle and overcharged him would never have made a good public utility operator. Ben did not say so, but this man must have been the loser in the end for charging too much. Young Franklin certainly must have told all the boys in his neighborhood about the price he paid, with the result that the merchant in all probability found his whistle business decidedly slow thereafter.

If he had been smart, of followed the custom that has been found to be the wisest, in connection with the utility business, he would have charged Ben Franklin only what the whistle was worth. This would certainly have left him a profit, and would have prevented young Franklin from giving the whistle business a black eye. Utility managers and operators know it is common sense, as well as the basic principle of utility regulation, to charge only a fair price.

This fair price is based on the value of the property, plus requirements for depreciation and maintenance. The rate charged for service is one calculated to allow the utility a return of six, seven or eight per cent, according to the times and circumstances, and from one to five or six per cent for depreciation charges according to standardized practice. Where this is done, the utility customer can not complain. Where higher rates are sought, the utility damages its own business. A rate that is too high turns the customer against the utility and ultimately does the utility damage.

competents in congress and more constructive legislation.

"This is too great a country to be controlled by a congress that thinks always of itself and occasionally of the people it represents. But we can not expect much of anything else when we send them to Washington and then content ourselves with kicking after the damage has been done."

No official is going contrary to the demands of a majority of his constituents, if he knows the nature of those demands.

And it is difficult for an official to know what his constituents want as long as they remain human clams.

Saved 92

Dennis Kane, of St. John, N. B., calls him Hero and what a better name for a dog that saved 92 lives? Hero carried a line to the Ethio, caught in a terrific storm, after men had failed to reach the ship.

INNIS IS RELEASED

William Innis, Milroy resident, who was fined \$15 and costs in police court here Saturday, made arrangements later in the day to pay his fine, and he was released. He was charged with malicious trespass, having admitted in court that he had written and made marks on the weather boarding of the Big Four station in Milroy.

On the other hand, where the rate is too low, and the customer gets all the best of the transaction, it is ultimately to the disadvantage of the customer. It low rates fail to provide a fair return and to provide a sufficient depreciation account, the utility property runs down and poor service is the result. In extreme cases this may be carried to the point where no service is possible. Therefore the customer suffers.

The ideal situation is one in which a fair rate to both the customer and the utility is charged. In Indiana, the situation as to rates and service has been better than in most states. Many customers have thought rates were too high, and many utility operators have felt they were too low, especially through the ups and downs of the war and post-war period. The fact is that while very few if any Indiana utilities have made unduly big profits, practically none of them have been forced into receivership. During the war, and in the month following it, many Indiana utilities found themselves hard nut to make ends meet on the low rates permitted, but careful management and adjusted to business conditions, coupled with increased rates in many cases has enabled these utilities in the main to pull through so that they are getting themselves on a decent footing. Only those surrounded by exceptional conditions have not as yet been able to reach favorable condition.

If the public and the utility will get together in mutual understanding of the principle of a fair return there will be understanding of the basic proposition that the best rate is the one that insures good service and maintenance of the property by which this service is provided. Any higher or any lower rate will always be found a mistake in the long run.

PLAYING BEST BALL IN MAJORS

Tris Speaker's Cleveland Indians Are The Current Sensation of The American League

WIN NINE OUT OF TWELVE

Is Only Club in The Two Leagues That Have Pitchers and Batters Both Working

By HENRY L. FARRELL
(U. P. Staff Correspondent)

New York, April 30—Tris Speaker's Cleveland Indians are the current sensation of the American League. With nine victories out of 12 games, the Indians are not only leading the league but they are playing the best ball in the majors.

Speaker is getting good pitching and good hitting even if the defense of the club is rather sloppy at times. The Indians at present are the only club in the two leagues that have the pitchers and batters both working.

The Giants are leading the National League with nine victories out of 13 games. It would be silly to say that the world's champions are not playing good ball, but they are not keeping on their stride. McGraw's pitching staff has gone up again. Fifteen pitchers have been used in four games and it is only a game heart and great hitting that is keeping the Giants in the lead.

Detroit needs only some pitching to make the strong bid for the pennant that is expected of them and Ty Cobb is planning to get that pitching.

The Tigers are the heaviest batting club in the major leagues and they are just as game as the Giants. The club is in second place now and unless they collapse they will be up around there for the biggest part of the race.

The Browns and the White Sox continue to be the prize busts of the two big leagues. Neither of them is getting the expected pitching and the Browns are having trouble filling the shoes of George Sisler. Dursi, a rookie, has been replaced at first by Marty McManus, their star second baseman, and although he has been doing well, the defense efficiency of the team has been decreased, with Foster on second base.

Both Philadelphia clubs in the first division is a rather unusual spectacle even for early season. The Athletics are beginning to look like a real first division club, but the Phils cannot expect to remain up very long. The Phils are a game club, however and Art Fletcher has them playing real Giant baseball.

The Cubs are continuing a pleasant surprise. The Pirates and the Reds are doing well to keep up in the first division, as neither one of them has hit its real stride.

MANILLA MEN TO ESTABLISH CLINIC

Continued from Page One
completion of the Major structure.
• Dr. Herbert Inlow is at present in the X-ray department of the Presbyterian hospital at Chicago, Ill., and is making a special study of the X-ray in its relations to the practice of surgery. He was attached to the U. S. public hospital at Chicago and has gained wide knowledge of his profession. Mrs. Inlow is a graduate nurse and has charge of the free clinic at Chicago. She will take up her work here at the time Dr. Inlow begins his practice in Shelbyville.

The third of the trio, Dr. Fred Inlow, is already closely acquainted in Shelbyville and the surrounding community and is popularly known in this section. He has spent the last two years and a half in the St. Anthony hospital in Chicago, Ill., and is also specializing in his profession.

The plan of these three men to locate here has been under consideration for some time and resulted in a conference with Mayor Lee B. Hoop many months ago. It is considered one of the most important actions that have been inspired by the decision to erect the hospital building and the future of the project is unlimited.

Sportsmanship on Court

By HENRY L. FARRELL
(United Press Sports Editor)

New York, April 30—William T. Tilden, the reigning monarch of the tennis court, aroused a lot of critical comment recently in one of his literary efforts when he said it was the sporting thing to do to even up an advantage obtained by a bad decision of the officials against an opponent.

The champion, to make the point clearer, argued that any fair sportsman, who should score a point on a questionable decision of the judges should make it even by "blowing" the next point with a drive into the net or outside the lines, or something like that.

The point was made by some qualified critics that the sentiment of fair play might be praiseworthy, but an open slam at the judgment of the umpires would hold the officials up to ridicule and that such tactics were anything but good sportsmanship.

Tilden said that all the good players have made it ethical to even up after mistakes in official judgment, but the facts do not bear out his statement.

CONNERSVILLE WINS THE TRIANGULAR MEET

Scores 64 Points, With Rushville Trailing At 23 And Newcastle 13 —Phillips Wins Mile

ALSO FIRST IN 100 YARD DASH

The Connersville high school track and field team won the triangular meet Saturday afternoon between that city, Newcastle and Rushville, piling up 64 points, with Rushville second at 23 and Newcastle third at 13.

The Rushville crew fell down in several places where they were expected to make a better showing, and in some cases where they had made better records at home. Connersville also proved a surprise, as they were not considered to have much of a team.

Phillips for Rushville won the 100 yard dash in 10.1 seconds, while Luckett of Connersville won three firsts in the 220 at 23 seconds; 440 in 53 seconds, and the 880 in 2:23. The mile was won by Phillips in 4:54.

Horrell of Connersville won the broad jump at 20 feet 7 1/2 inches, while Phillips won 20 feet 4 inches, and had made 20 feet 8 inches here on the week before. Ridge for Connersville also topped Newbold on the pole vault at 10 feet 2, which was the record that Newbold hung up here last week, but the best he could do was 10 feet one at Connersville.

Pugh also fell down on the high jump, and couldn't go over the 5 foot mark, while Connersville and Newcastle tied for first honors. Rushville also was weak on the hurdles, and Connersville won the shot put 38 feet 7 inches, with Hibbs placing it.

Zion City. —Girls are forbidden to wear knickers on the streets of Zion in the latest edict of Wilbur Glenn Voliva.

In the final match of the last indoor national championships, Vinnie Richards was playing Francis T. Hunter. In the last game, Richards scored two service aces on drives that Hunter thought were outside. Richard, however, made no attempt to even up, and he accepted both decisions and won the championship. Hunter lost his head and banged his racket down on the floor.

No one criticized Richards for accepting the judgment of the officials, and Hunter was severely called in the press for his demonstration. Hunter's act was no more of an insult to the official than Richards would have been if he slammed into the net because both would have been an open affront.

Sportsmanship is always to be desired in any sport and there are occasions when it is the sporting thing to do to even up after a bad break against an opponent.

During one of the big matches between William M. Johnston and James O. Anderson, the Australian star, Anderson slipped to his knees in trying to return one of Johnston's volleys and the little Californian blew the next purposely by driving out of bounds.

That is admirable sportsmanship!

CIRCUIT COURT IN WEEK'S VACATION

The claim of Frank J. Baker, clerk of the Franklin county circuit court, against A. L. Gary, administrator of the estate of Virgil R. Thompson, demanding \$15.20, was dismissed by the court, when the plaintiff failed to appear for trial.

Elmer E. Davis appeared Saturday and provided \$6,000 bond after having been appointed receiver by the court in the action brought by Ed McClanahan against the Farmer's Co-operative Company of Glenwood, which was alleged to have been insolvent by the plaintiff.

The case of the Jessup and Antrim Ice Cream Company against the Oren Pharmacy, which is in the hands of receiver, was heard by the court, and judgment amounting to \$481.94 and costs was rendered on their complaint.

PREPARE TO SEND TROOPS TO SYRIA

trying to find a suitable basis for peace.

General Pelle has been instructed it is said, to tell Ismet Pasha, the Turkish leader at the conference here that the French government regards the Turkish movement of troops as an "incident to war." This cannot be tolerated by the French government, which trusts Ismet personally but fears the general Turkish attitude, Pelle is expected to say.

He is to add, it is said, that France cannot trust some of the elements at Angora who might wish to stir up trouble at the Syrian border in order to influence the outcome of the present peace confab.

France has a mandate over Syria and her troops are already stationed there to assist the Syrian army in partitioning the British.

Reports were circulated more than a week ago that two divisions of Turkish forces had been moved toward Syria to a spot where they could easily reach the border in a day's travel.

The Score Board

With the bases filled in the ninth inning Woodall went up to the bat as a pinch hitter and drove in the run that gave the Tigers a 1-0 victory over the Browns.

Perkins single with the bases full and Ricondau's sacrifice fly scored two runs in the fifth inning and enabled the Athletics to beat the Senators 3-2.

Sensational support behind the good pitching of Jesse Haines gave the Cards a 3-2 victory over the Pirates.

Bishop, a rookie pitcher, was rushed into stop a ninth inning rally of the Giants and he delivered, the Phils winning from the champs 9-8.

Boeckel's single, a sacrifice by McInnis and Bagwell's single in the eighth inning scored a run and the Braves beat the Robins 2-1.

Ragged fielding behind loose pitching caused the White Sox to drop before the Cleveland Indians 8 to 3.

The Cubs got three doubles, a single and four bases on balls off Pete Donahue in the first four innings, but they all came with two down and the Reds won out 3-0.

Clean Up Paint Up

LET'S LOOK UP!!

You may clean up a tramp and put his rags back on him and he will still hang his head. But give him new clothes and he will look up with pride and self-respect.

You have publicly committed him to cleanliness and respectability.

This philosophy will apply to many owners of faded and run-down homes. When they clean up the yard, and paint up the house, they look up with pride and satisfaction.

And The Neighbors Follow Their Example

It's as poor reasoning to clean up, then neglect the painting and papering, as it is to wear a clean shave and a dirty collar. There's nothing in either to inspire self-respect or the respect of others.

Consult us about your decorative problems right now during this general "CLEAN-UP" week. Let's work together and when the clean-up and paint-up is finished, this town will be something to crow about.

ASK \$15,000,000 FOR CELEBRATION OF INDEPENDENCE

Philadelphia, April 30—Preparations for the Sesquicentennial exhibition, which is to be held in Philadelphia in 1926 to commemorate the 150th anniversary of the signing of the Declaration of the Independence, have entered a new phase with the adoption of definite plans.

A campaign has been inaugurated to raise \$15,000,000, which engineers have estimated will be required for construction and promotion work up to the opening of the gates.

In the interval of raising the fund, building and ground plans are being further developed by the architectural and engineering commission, headed by Dr. Paul P. Cret, one of the foremost architects in the United States and Prof. E. B. Temple, of the University of Pennsylvania School of Design.

A building layout has been prepared, taking in the permanent structures along the Parkway leading to Fairmount Park, including the new \$8,000,000 Art Museum in course of construction, which is to house the art exhibition. The new Library Building and also the Memorial Hall and Horticultural Building that remained as permanent legacies of the old centennial are included in the layout.

It is planned to open the fair on April 30, 1926, and close the sesquicentennial on November 13, 1926.

Invitations to the States to take steps for participation through the appointment of state commissions have been generally accepted.

Invitations to Foreign Nations will be issued through the state department when the financing problem has been advanced to the point of assuring the president that this action is in order.

Numerous requests for information about the sesqui-centennial have

been received from foreign nations. The nations make inquiries include, Great Britain, France, Germany, Austria, Italy, China, Japan, Finland, Holland, Belgium, Switzerland, Norway, Sweden.

WILL FLEE IF GIVEN TO HER BLOOD MOTHER

Beatrice Nuttall, 12, Pleads To Live With Foster Mother Instead Of One Who Gave Her Birth

HEARING SET FOR TUESDAY

Chicago, April 30.—Beatrice Nuttall, 12, whose real and foster mothers have created a strange emotional drama by asking a court to decide her custody, today declared she will flee if awarded to the mother who gave her birth.

The child, after establishing a friendship between the two women, pleaded to live with Mrs. James Nuttall, the foster parent, who has kept her since she was a week old.

Mrs. Charles Morris, the real mother, started court action for Beatrice after a twelve year search through several states for her. She claimed that Beatrice was taken from her and given in adoption by relatives who feared disgrace because the child was born out of wedlock.

Mrs. Morris later married Clayton B. Klinger, whom she says is the father of the child, and he has been subpoenaed to testify when the case is heard before two superior court judges tomorrow.

"Mrs. Nuttall is the only mother I have ever known," said Beatrice today. "I love her. If they take me from her, I'll run away and after a long time I'll walk back here to Mrs. Nuttall's home."

All Chicago was stirred by the mother love today. A dozen or more ministers preached sermons on the case yesterday and church congregations offered prayers that Superior Judge Joseph B. David and Claire C. Edwards be given divine inspiration in deciding wisely the fate of the girl.

Convention This Week

TO BE HELD AT BLOOMINGTON

Indiana University School Of Music
And Local Musicians Will Be
Hosts To Visitors

Bloomington, Ind., April 30.—Rush county music teachers will be entertained by Bloomington musicians and the school of music of Indiana University May 2 and 3 at the 47th annual convention of the Indiana music teachers' association. Daniel Pruthi, eminent composer and choral leader; Oscar Seagle, one of the foremost baritone in America and newly chosen associate of the famous European teacher, Jean De Reszke; the annual May festival concerts by 1500 Bloomington school children assisted by well known soloists; and addresses by Indiana musical authorities, will be included on the program.

The convention will open at 9:30 a. m. May 2 with a lecture on "Folk Songs of the British Isles," by Mr. Protheroe, and will be followed by a discussion of "Professional Ethics." The afternoon of May 2 will be taken up with a lecture by Oscar Seagle on the teaching of singing, followed by the first children's festival concert. An informal tea at the home of Prof. E. B. Birge, president of the state music teachers' association, and a banquet will precede the evening festival concert and association, and a banquet will precede the evening festival concert and association, and a banquet will precede the evening festival concert and association.

The program of the second day of the convention will include a general session on church music; a discussion of "Mutual Interests of Private Teachers and Music Supervisors," a debate on the question "Shall Music Teachers be Licensed by the State?"; a festival concert by the Bloomington high school chorals and the Indiana University orchestra and accompanying soloists; and an automobile trip to the Brown county studio of T. G. Steele, landscape painter and member of the faculty of Indiana University.

The program of church music will be given by the quartet from Christ Church, Indianapolis.—Miss Bernice Church, soprano; Mrs. Horace Whitehouse, alto; E. V. Alexander, tenor; Paul Raymond, bass; Horace Whitehouse, organist and director. The Rev. C. E. Longley, pastor of the Church of the Advent, Indianapolis, will speak on "Better Church Music." Speakers on the afternoon program May 3 will include Mrs. Robert Tinsley, Crawfordsville; Minnie Muddoff Kimball, Greencastle; J. E. Maddy and Fredrick Hicks, Richmond; Miss Amelia A. Race Picture At Princess

Roscoe Sables, famous racing automobile, one of the two prized possessions of the late world-famous automobile racing driver, plays an important role in "Racing Hearts," a Paramount picture starring Agnes Ayres, which comes to the Princess Theatre today and Tuesday.

This car, capable of a speed of more than 110 miles an hour, was one of a team of two—owned by Sables. The great driver drove it in many races, alternating with the machine in which he met his death during the recent races at Kansas City, Mo.

In the racing scenes of "Racing Hearts," Miss Ayres, in a high-powered car speeds along at the rate of over 100 miles an hour and is closely contested by Richard Dix, leading man in the picture, who drives the Sables Special.

Johnny Wonderlich, famous automobile racing driver, is one of the participants in the race which furnishes a gigantic and exciting climax to the picture. Another man whose name is equally widely known is Eddie Heffernan, who rode with Eddie Hearne in the Kansas City races, where Hearne was injured almost fatally, and where Roscoe Sables met his death. Both of these drivers race against Miss Ayres in the picture, attaining a speed of 104 miles an hour at time.

Two Days At Mystic

"My Friend the Devil," is another screen classic adapted from the works of famous French authors by William Fox. The other was "Monte Cristo," the immortal romance of Alexandre Dumas in which John Gilbert is seen at Dantes and which comes to the Mystic today and Tuesday.

"My Friend the Devil" is a pictorial version of George Ohnet's

celebrated novel, "Dr. Rastan," which has been widely read throughout the world.

"My friend the Devil" deals with the spectacle of a man who did not believe in God. When he was little more than a child he prayed, that his cruel step-father, who was ill-treating the child's mother, be killed and at that moment the mother was struck by lightning. His belief was shattered.

How he finally was forced to acknowledge faith in Divine power makes a climax that is sensational and comes after a series of thrilling sequences. It is a compelling story of love and faith against unbelief and science.

Charles Richman, famous dramatic actor, plays the role of "Dr. George Dryden," the unbeliever, and his depiction sets a high mark for emotional portrayal, according to all advance reports.

Barbara Castleton is seen as the lovely, but faithless wife of Dr. Dryden, and Peggy Shaw, former Ziegfeld Follies beauty, plays the part of the doctor's daughter. William Tooker portrays the character of the doctor's friend, whose constancy is a remarkable part of the absorbing tale.

BIRTHS

Mr. and Mrs. Bert Mull, living in Walker township have received an announcement of the birth of a baby girl, weighing eight pounds, to the wife of Leslie K. Mull, at their home in Lansing, Mich. The baby was born Wednesday, April 25, and was named Marilyn Ann. Leslie Mull is the son of Mr. and Mrs. Bert Mull.

Born to the wife of Kenneth Walker Sunday morning, at their home in West Fourth street, a baby boy weighing nine pounds. The baby was named Ramon Oliver.

WESLEY M'MICHAEL DIES

Former Posey Township Man Expires in Jay County

Wesley McMichael, who was born and reared in Rush county, died at his home in Jay county, Indiana, Saturday evening, after an illness of more than a year, and the body will be brought back to this county for funeral services and burial. Mr. McMichael was for many years a minister in the Methodist Episcopal church.

The body will arrive Tuesday at the home of the deceased's sister, Mrs. Ed. Miller, southwest of Arlington Wednesday morning at ten o'clock.

The deceased is survived by his mother, Mrs. Sarah McMichael, who lives southwest of Arlington, and one daughter, Letta, besides the sister, Mr. McMichael left Rush county ten or twelve years ago.

PLAN TO BOYCOTT SUGAR PROFITEERS

Women in Eleven Large Centers Are Taking Action To Lower The Cost Of Sugar Products

SUMMARY COMPILED BY U. P.

In Indianapolis Housewives' League Members Are Buying Only Enough Sugar For One Day

(By United Press)

A boycott movement against sugar profiteers is under way in several cities of the country and contemplated by housewives' organizations in other sections.

Women in eleven large centers are taking action to lower the cost. Their activities are shown in the following summary made today by the United Press:

Baltimore. — State Federation Women's Clubs adopted resolution urging boycott until price sugar and sweets returns to normal. Petitions circulated for boycott.

San Diego. — Housewives League announces a boycott is planned.

Lincoln, Neb. — Women's Club passed resolution urging conservative use until high price is lowered.

Indianapolis. — Housewives' League members buying only enough sugar to last from day to day, though no official action taken or contemplated.

San Francisco. — Sugar strike discussed by Housewives' League but not yet put into effect.

Dallas, Tex. — Mrs. E. R. Ballard, acting president of Mothers Council announced will start movement curtail sugar buying here.

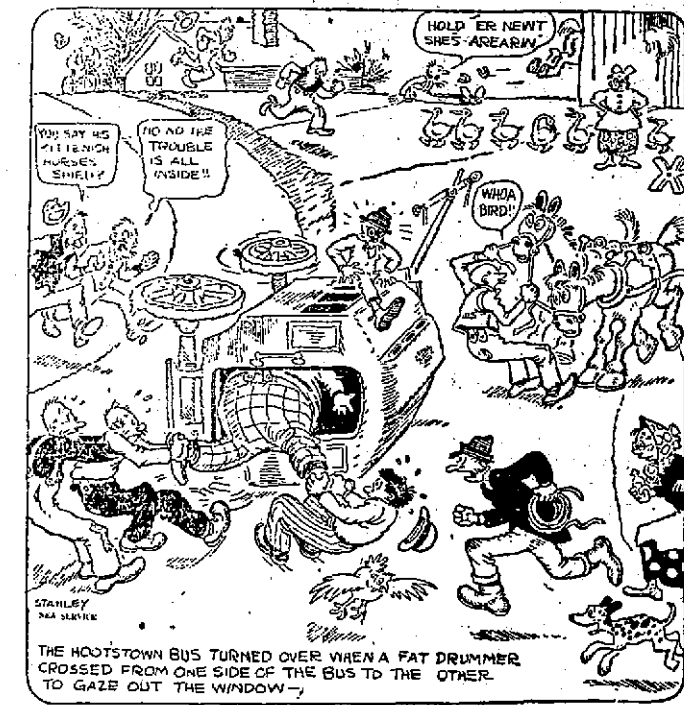

Chicago. — Mayor Dever endorsed boycott through no organized movement yet.

Kansas City. — Prominent women announce they would be glad to enter boycott movement.

Detroit. — Women have been called to meet to decide on action against high sugar prices.

New York. — Mrs. Julian Heath, chairman Home Economics Committee and members of 290 women organizations decided to seek official aid from the state and federal governments.

PROSPERITY SEEN IN ROAD BUILDING

Gasoline Tax Will Be An Aid To Local Communities In Constructing Their Highways

HOLIDAY IN EXPENDITURES

County Commissioners Cautious Due To Bond Limit Having Been Reduced By Half

Indianapolis, Ind., April 30. — While the board of commissioners in many counties of Indiana have been making progress in their road building plans during the last two months there is a large number of projects yet to be started. In 25 counties, the commissioners will receive bids in May. It is estimated that the total expenditures will be about \$500,000.

Some county officials are counting on the gasoline tax, collected by the state, to aid the county projects. Under the law, enacted by the last legislature, the collection of the tax begins in June and the state is to give \$500,000 this year and \$1,000,000 annually thereafter to aid counties in improving local roads. Another noticeable effect of the legislature's work is that the commissioners are moving slowly in reaching final decision on road projects because of the new law that cuts in half county's ability to bond road improvements.

In general, however, the public work being undertaken by the counties indicates the prosperity that is being felt generally. The Whitley county commissioners will receive bids on six roads on May 4, and these highways, it is estimated, will cost \$130,000. The Tippecanoe county commissioners receive bids May 7 on two roads, estimated to cost \$17,680. Three roads in Clinton county are to be contracted for May 7, at an estimated cost of \$31,000. The Huntington county commissioners, meeting May 8, will open bids on four projects, estimated to cost \$17,000 and on the same day the Gibson county commissioners will receive bids for four highways costing \$63,250. The Allen county commissioners also receive bids on four roads on May 8, and the estimated cost of these improvements is \$69,000.

Renewed Testimony

No one in Rushville who suffers backache, headaches, or distressing urinary ills can afford to ignore this Rushville man's twice-told story. It is confirmed testimony that no Rushville resident can doubt.

A. M. Younger, retired farmer, 828 W. 10th St., Rushville, says: "When a man gets as old as I, he is bound to have trouble with the kidneys. At times my back got weak and lame and there was a dull aching through the small of it. The kidney secretions were too frequent in passage, causing me to get up at night. I used Doan's Kidney Pills procured at Johnson & Co's Drug store and they have never failed to relieve me."

The above statement was given August 26, 1915 and on November 5, 1920, Mr. Younger added: "I still think Doan's Kidney Pills are the best medicine made for kidney trouble."

WEBB EXERCISES TUESDAY

Baccalaureate Sermon Preached to Graduates Sunday Night

The baccalaureate sermon for the graduates of Webb high school, was delivered Sunday evening at the Pleasant Ridge M. E. church, by the pastor, the Rev. R. A. Ulrey. There are three graduates, including Mildred Carwein, Wesley Hungerford and Byron Talbert. Special music was provided for the service by the choir and a quartet.

The commencement exercises will be held Tuesday evening at the school building, and the address will be delivered by the Rev. J. S. E. McMichael of Connersville. Music will be furnished for the occasion by Cole's orchestra of this city and the Rev. E. G. McKibben, pastor of the First United Presbyterian church, will have charge of the devotional hour.

The Manila high school commencement will be held tonight.

The Early Turnip

Early turnips and green peas, maturing at the same time, provide material for an attractive dish. Boil the turnips whole until tender. Scoop out the center and fill with green peas, cutting the bottom of the turnip-square so it will stand upright. Fill the hollow with green peas, placing a few peas about the turnip in the dish. Pour hot cream and butter over the combination.

Turnip seeds for a crop to mature with the peas should be sown as soon as the ground can be worked. They should be thinned early to 6 inches apart to secure fast growth. Sow the seed thinly and half an inch deep, and give them at least 18 inches apart in the rows. Tomato plants may be set at three foot intervals between the rows to take the place of the turnips when they are harvested and allowed to grow without interfering with the turnips. Cultivate frequently.

These early season white turnips grown rapidly are usually of finer quality, milder in flavor and tender for winter use. The turnip is not grown as frequently for an early crop as it deserves, usually being planted in July and broadcasted then. The old broadcasting method is a waste of seed and ground space for a very considerable portion of the seed thus sown will not produce plants with roots worth pulling as they will not have room to develop.

MAKE BICYCLE RECORDS

What is regarded as an unusual record for bicyclists was made Saturday afternoon, when a boy and a girl, Naomi Jonas and Francis Jonas rode from Indianapolis on their bicycles to Greensburg, in five hours, leaving their home at three o'clock in the afternoon and reaching their destination at eight o'clock. They spent the week-end with their uncle, John Kuntz and family of Greensburg. The children are cousins of Mrs. Lawrence Harmon of this city.

RETURNS FROM HOSPITAL

Mrs. Charles D. Young has returned to her home in West First street, from the Robert Long hospital in Indianapolis, where she underwent an operation for appendicitis and gall stones. She is reported to be improving as well as could be expected.

NATIONAL HOSPITAL DAY

Indianapolis, April 30.—The observance of National Hospital Day, on Saturday, May 12, should have special significance to the people of Indiana this year, "inasmuch as we are engaged in the creation of a hospital for sick and disabled little children dedicated to the memory of one of Indiana's most beloved characters," it is set out in a proclamation issued by Governor McCray calling for general state-wide observance of National Hospital Day.

"The observance of National Hospital Day has become an established custom and will be observed this year by more than five thousand hospitals throughout the United States," says the Governor's proclamation.

"The purpose of the day is to focus public attention on the hospitals and the work the hospitals are doing; to arouse interest in the hospitals and encourage better acquaintance with the manner and method of caring for the sick and unfortunate.

"To the people of Indiana it should come this year with especial significance, inasmuch as we are now engaged in the creation of a hospital for sick and disabled little children dedicated to the memory of one of Indiana's most beloved characters.

"The day fixed for this observance, May 12th, is of significant appropriateness for the reason it is the anniversary of the birthday of Florence Nightingale, a pioneer in hospital and nursing methods.

"Now, therefore, I, Warren T. McCray, Governor of the State of Indiana, by virtue of the power and authority vested in me by the Constitution and laws of said State do hereby proclaim and designate Saturday, May 12, 1923, as National Hospital Day to be devoted to this observance. Let all who can do so

visit the hospitals and acquaint themselves in some degree with the splendid work being done in behalf of sick and suffering humanity."

The first \$500,000 unit of the \$2,000,000 James Whitcomb Riley Hos-

pital for Children is now well under construction here and it is believed that it will have been completed by next October. This is the institution referred to in the Governor's proclamation.

Your blood changes in the Spring. Why?

YOUR blood is thicker and more sluggish in winter than in summer—it has to be to keep you warm. Then comes warmer days and lighter clothes. Your blood, still thick and heavy-laden, is slow to throw off its impurities. What happens? The impurities crowd out through the skin—boils and pimples appear—you feel sluggish and tired! The remedy for this condition is S. S. S. It is the ideal blood purifier, because the medicinal properties are purely vegetable. It is

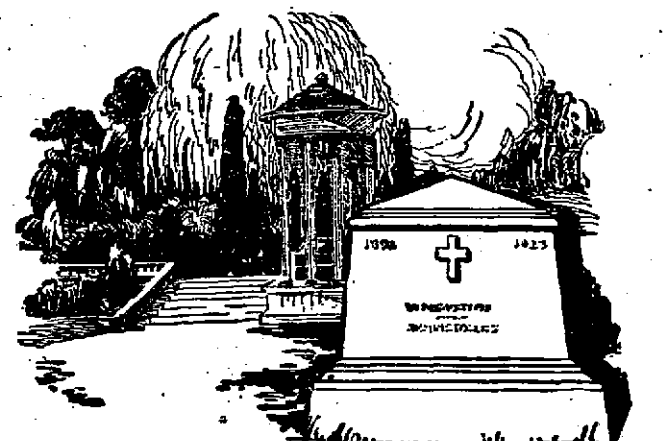

a glorious fact that S. S. S. has given new, long-forgotten strength to older people and has made many old and young people look years younger. Blood is life—its strength—make it rich—get blood strength—we all need it, especially rheumatism. S. S. S. will give you greater energy, strength and endurance.

Mr. Harry C. Bachman, 4736 Main Avenue, Norwood, Ohio, writes: "I had skin eruptions—pimples and blackheads. I used S. S. S. and was happily surprised at the results I got in less than three weeks' time."

Try it yourself. S. S. S. is sold at all good drug stores. The large size is more economical. Get a bottle today!

S. S. S. makes you feel like yourself again
